| Details                                                   | Review his Aviva pension and look to improve upon it. Client will complete ATRQ in his own time. Wants to be fully retired by 60. Min income in retirement is £2,200 net per month. Also looking at investment advice on £60k of his Dad’s property money coming in this month, and the £40k cash he currently has so as to avoid paying tax on interest. He has already used his full ISA allowance this year, so has his wife. Potentially interested in transferring his cash ISA to S&S ISA but would have to be really worth his while - not dead set on doing this. |  |  |

## Retirement Goals & Objectives Notes

Review his Aviva pension and look to improve upon it. Client will complete ATRQ in his own time. Wants to be fully retired by 60. Min income in retirement is £2,200 net per month. Also looking at investment advice on £60k of his Dad’s property money coming in this month, and the £40k cash he currently has so as to avoid paying tax on interest. He has already used his full ISA allowance this year, so has his wife. Potentially interested in transferring his cash ISA to S&S ISA but would have to be really worth his while - not dead set on doing this.

## Notes

Doesn't trust anyone. Has worked long and hard for.

Client did not have time to complete an ATRQ today, so have sent him an email version to complete himself on Defaqto.
