25 June 2026

Dear Sir or Madam

Prudential Personal Pension

Plan holder's name: Mr Kevin Stead

Thank you for recently contacting us.

Charges

We make charges for managing the plan and the underlying investments.

With-Profits Fund annual charge

The With-Profits Fund's annual charge depends on the performance of the With-Profits Fund, in particular the investment return and our expenses. If, for example, over time investment returns are higher, then we would expect to increase the charges and if investment returns are lower we would expect to reduce the charges. We currently expect this charge to be 0.91% a year, based on the assumption that future investment returns from the With-Profits Fund will be 5% per year. We deduct this charge through the bonus mechanism.

Calls may be monitored or recorded for quality and security purposes

"Prudential" is a trading name of The Prudential Assurance Company Limited, which is registered in England and Wales. Registered Office at 10 Fenchurch Avenue, London EC3M 5AG. Registered number 15454. Authorised by the Prudential Regulation Authority and regulated by the Financial Conduct Authority and the Prudential Regulation Authority.

Further costs incurred by the funds

These are costs not covered by the annual charge. These can include, for example, maintenance costs from property investments and costs associated with investing in infrastructure, such as utilities, transport and renewable energy. These can vary over time.

With-Profits guarantee charges

There is a charge to pay for all guarantees the With Profit Fund supports. We guarantee not to apply a market value reduction (MVR) in certain circumstances, for example, when payments are made because of death and at your selected retirement date. Please see “what is a market value reduction?” for more details.

The total deduction for the guarantee charge over the lifetime of your plan isn’t currently more than 2% of any payment made from the fund. Charges may vary if, for example, the long term mix or type of assets held within the With-Profits Fund is changed.

For more information about bonuses and charges, please read “your With-Profits Plan – a guide to how we manage the fund”.

Annual Management Charge

The With-Profits Fund’s annual charge depends on the performance of the With-Profits Fund, in particular the investment return and our expenses. If, for example, over time investment returns are higher then, we would expect to increase the charges and if investment returns are lower we would expect to reduce the charges. We currently expect this charge to be 0.95% a year, based on the assumption that future investment returns from the With-Profits Fund will be 5% per year. We deduct this charge through the bonus mechanism.

The plan holder is not paying the AMC and it is not deducted from the plan value. We allow for this charge when deciding how much of the investment returns we’ve earned will be used to provide bonuses. We are unable to provide AMC in monetary terms.
