Charges

Fund management charge

We apply various charges to the funds you invest in through your pension. These charges will vary depending on the funds you've chosen. Please see our guide, 'How to choose the right investment options for your pension' for more information. This is available online, or you can contact us.

Lifetime allowance charge

A charge may be collected if you go over your lifetime allowance.

Death benefit details

If you die before retirement, we'll pay out the full plan value at the date of your death. This could be paid out as a lump sum or as a pension, or split between a lump sum and pension.

Options available

These options may be available depending on your circumstances:

Before you take your benefits

- ▶ Review your investment choices.
- ▶ Review your payments.
- ▶ Do nothing and your benefits will stay in the plan until you retire.

Changing payments now may affect what your plan will be worth in the future.

Taking your benefits

You can normally take the benefits from your plan if you are aged 55 or over. Call us on 0345 60 60 012 to discuss this option further.

If you've got pension plans with a number of companies you can usually bring them together under a single plan, with Standard Life or another provider. It can make managing your pension investments easier and could save you money in charges. Check the benefits under your plans first, though, because you could lose them.

You can use your plan for one or more of the following options.

- ▶ Use some or all of your plan to buy an annuity from us or another provider - this would give you a guaranteed income for life.

Don't let a scammer enjoy your retirement

Find out how pension scams work, how to avoid them and what to do if you suspect a scam.

Scammers can be articulate and financially knowledgeable, with credible websites, testimonials and materials that are hard to distinguish from the real thing. Scammers design attractive offers to persuade you to transfer your pension pot to them or to release funds from it. It is then invested in unusual and high-risk investments like overseas property, renewable energy bonds, forestry, storage units, or simply stolen outright.

Scam tactics include:

- contact out of the blue

- promises of high / guaranteed returns

- free pension reviews

- access to your pension before age 55

- pressure to act quickly

If you suspect a scam, report it

- **Report to the Financial Conduct Authority (FCA)**
by contacting their Consumer Helpline on 0800 111 6768 or using the reporting form at www.fca.org.uk
- **Report to Action Fraud**
on 0300 123 2040 or at www.actionfraud.police.uk
- **If you're in the middle of a transfer,** contact your provider immediately and then get in touch with MoneyHelper at: www.moneyhelper.org.uk

www.fca.org.uk/scamsmart

Four simple steps to protect you from pension scams

Reject unexpected offers

1

If you're contacted out of the blue about your pension, chances are it's high risk or a scam. Be wary of free pension review offers. A free offer out of the blue from a company you have not dealt with before is probably a scam. Fortunately, research shows that 95% of unexpected pension offers are rejected.*

Check who you're dealing with

2

Check the Financial Services Register (<https://register.fca.org.uk>) to make sure that anyone offering you advice or other financial services is FCA-authorised.

If you don't use an FCA-authorised firm, you also won't have access to the Financial Ombudsman Service or the Financial Services Compensation Scheme. So you're unlikely to get your money back if things go wrong. If the firm is on the FCA Register, you should call the Consumer Helpline on 0800 111 6768 to check the firm is permitted to give pension advice. Beware of fraudsters pretending to be from a firm authorised by the FCA, as it could be what we call a 'clone firm'. Use the contact details provided on the FCA Register, not the details they give you.

Don't be rushed or pressured

3

Take your time to make all the checks you need – even if this means turning down an 'amazing deal'. Be wary of promised returns that sound too good to be true and don't be rushed or pressured into making a decision.

Get impartial information and advice

4

MoneyHelper (www.moneyhelper.org.uk) – Provides free independent and impartial information and guidance.

Pension Wise – If you're over 50 and have a defined contribution (DC) pension, Pension Wise offers pre-booked appointments to talk through your retirement options at: www.moneyhelper.org.uk/en/pensions-and-retirement/taking-your-pension/pension-wise

Financial advisers – It's important you make the best decision for your own personal circumstances, so you should seriously consider using the services of a financial adviser. If you do opt for an adviser, be sure to use one that is regulated by the FCA and never take investment advice from the company that contacted you or an adviser they suggest, as this may be part of the scam.

Be ScamSmart with your pension. Check who you are dealing with.
