

# SINGLE SCENARIO REPORT

**Barnes; Anthony**

Tony Predeceases in 2040

Prepared by Kayleigh Sambhi

16/12/2025

# 1. Introduction to your plan

This report shows the financial plan for your scenario “Tony Predeceases in 2040”.

The financial plan has been produced using a forward-looking analysis of your assets, income and expenditure.

The aim of this plan is to help you make informed decisions regarding your future.

The analysis contained within this report is based on several assumptions including, but not limited to, inflation rates and investment returns. It is, therefore, subject to a number of risks and uncertainties. This forecast represents just one possible future outcome and actual results may differ materially from these projections.

All figures are in 'real' terms also known as 'today's money'. This means future values have been adjusted for the impact of inflation so that you can compare them to what they would be worth today.

## 2. Key definitions

1. The **Baseline Scenario** refers to and reflects your current situation.
2. A **Scenario** is a version of your financial plan whereby one or more parameters have been amended from that held in your Baseline.
3. An **Event** is a single moment in time linked to a year, at which your financial circumstances may change. For example, an event of 'Retire' may be linked to the year or age at which you would like to stop working. Income linked to this event could stop, as well as any anticipated change to your spending habits. Events are displayed on your plan timeline
4. The term **Liquid assets** refers to your cash and investments as well as any capital held within a loan trust.
5. The term **Non-liquid assets** refers to those which are not always easy to sell or convert to cash quickly. This includes property, possessions, business
6. **Pension – accessible** refers to pension values that you could draw from (should you wish) because you have already reached your minimum pension age (the age from which you can access pension benefits).
7. **Pension – non accessible** refers to value held in pension that cannot be accessed because you have not yet reached minimum pension age.
8. The **Surplus account** is the account in which any surplus income is held. This is also the first liquid asset to be drawn from if there is a shortfall.
9. A **Required withdrawal (Investments)** is made from available liquid assets when there is a shortfall in a year (where expenditure is greater than income).
10. A **Required withdrawal (Pensions)** is made from accessible pensions when there is a shortfall in a year and it cannot be met from liquid assets.
11. The **Surplus income percentage saved** shows how much of any surplus (where your regular income exceeds regular expenditure and tax) will be retained in your surplus account.
12. **Lifetime gifts** are gifts that you have made to beneficiaries within the plan. Whilst gifts are potentially out of your estate at the point of death, they are included in some projections to ensure benefits of any gifting are reflected in the plan.

## 3. Your plan assumptions

### Assumptions

#### Expenditure Continuation on Death

Unless specified otherwise, expenditure will reduce to 80% on the death of Anthony and 80% on the death of Yvette

#### Surplus Income Percentage Saved

0% of any in-year surplus will be saved within the plan

#### Inflation Assumptions

The following inflation assumptions are the rates used throughout the plan, unless overridden on the individual entity basis

GENERAL 2 %

SCHOOL FEES 4 %

PROPERTY 4.7 %

LONG TERM CARE 4.5 %

STATE PENSION 2.5 %

LENDING 4 %

## Liquid Asset and Defined Contribution Statements

This section details the value of your cash and investments as well as pensions and any capital held in loan trusts. Any liabilities are also displayed. All values are the opening values of the first year of the plan.

### Savings & Investments

| Investment Description    | Owner  | Product Type        | Opening Value (£) |
|---------------------------|--------|---------------------|-------------------|
| Surplus Account           | AB / Y | Surplus Account     | 0                 |
| Chartered Savings Account | AB     | Cash Account        | 40,000            |
| Aviva ISA                 | AB     | ISA Stocks & Shares | 20,000            |
| Wife's MoneyBox Cash ISA  | AB     | Cash Account        | 20,000            |
| Aviva GIA                 | AB / Y | Unit Trust/OEIC     | 52,326            |
| Cash Emergency Fund       | AB     | Cash Account        | 10,000            |
| <b>Total</b>              |        |                     | <b>142,326</b>    |

### Defined Contribution Pensions

| Pension Description                    | Owner | Opening Value (£) |
|----------------------------------------|-------|-------------------|
| Aviva Platform - Personal Pension Plan | AB    | 82,692            |
| <b>Total</b>                           |       | <b>82,692</b>     |

### Loan Trusts

| Description  | Owner | Opening Value (£) |
|--------------|-------|-------------------|
| <b>Total</b> |       | <b>0</b>          |

Liabilities

| Description | Owner | Opening Value (£) |
|-------------|-------|-------------------|
| Total       |       | 0                 |

## Cashflow Statement

This table provides a summary cashflow statement for each year of your plan. The value of liquid assets and accessible pensions shows the opening value for each year of the plan, after any deductions have been made for a shortfall in the previous plan year.

- Your **total money in** will include any regular income such as employment income and one-off inflows including asset sales.
- Your **total money out** includes any regular expenditure and irregular outflows such as an asset purchase or gift.
- The **surplus/deficit** is the balance of total money in minus total money out. This figure is then adjusted in accordance with the surplus income percentage saved assumption.

Where there is a deficit, a drawing from liquid assets and/or accessible pensions is made to meet the shortfall.

| Year | Age     | Liquid Assets & Accessible Pensions (£) | Total Money In (£) | Total Money Out (£) | In Year Surplus / Deficit (£) |
|------|---------|-----------------------------------------|--------------------|---------------------|-------------------------------|
| 2025 | 55 / 59 | 225,018                                 | 38,800             | 29,915              | 0                             |
| 2026 | 56 / 60 | 227,770                                 | 38,800             | 30,051              | 0                             |
| 2027 | 57 / 61 | 230,570                                 | 38,800             | 30,224              | 0                             |
| 2028 | 58 / 62 | 233,420                                 | 38,800             | 30,357              | 0                             |

## Income Statement - First Year of Plan

| Income                      | Anthony (£)   | Yvette (£)    | Combined (£)  |
|-----------------------------|---------------|---------------|---------------|
| DB Pension                  | 22,000        | 0             | 22,000        |
| Employment                  | 0             | 16,800        | 16,800        |
| <b>Total Regular Income</b> | <b>22,000</b> | <b>16,800</b> | <b>38,800</b> |

## Regular Expenditure Statement - First Year of Plan

| Item                             | Amount (£)    |
|----------------------------------|---------------|
| Tax & NI                         | 3,435         |
| <b>General Expenses</b>          |               |
| Entertainment & Leisure          | 9,600         |
| Holidays                         | 5,000         |
| Household                        | 8,760         |
| Transport                        | 2,640         |
| Miscellaneous                    | 480           |
| <b>Total Regular Expenditure</b> | <b>29,915</b> |

## 6. Tony Predeceases in 2040 – projection graphs

This section shows the projection graphs for the scenario Tony Predeceases in 2040.

Interpreting the graphs:

A graph that goes into the red means that all available liquid assets have been drawn and there are no funds available to meet any shortfall.

The term **liquid assets** refers to your cash and investments as well as any capital held within a loan trust.

The term **non-liquid assets** refers to those which are not always easy to sell or convert to cash quickly. This includes property, possessions, business.

**Pension – accessible** refers to pension values that you could draw from (should you wish) because you have already reached your minimum pension age (the age from which you can access pension benefits).

**Pension – non accessible** refers to value held in pension that cannot be accessed because you have not yet reached minimum pension age.

A **required Withdrawal (Investments)** is made from available liquid assets when there is a shortfall in a year (where expenditure is greater than income).

A **required Withdrawal (Pensions)** is made from accessible pensions when there is a shortfall in a year and it cannot be met from liquid assets.

## Liquid Assets

This graph shows your liquid assets, net of any liabilities

# Liquid Assets Detail

This graph shows a breakdown of your liquid assets. The black line represents any outstanding liabilities. This does not include your accessible pensions.

# Liquid Assets & Pensions

This graph shows your liquid assets and accessible defined contribution pensions, net of any liabilities

## Liquid Assets & Pensions Detail

This graph shows a breakdown of your liquid assets and accessible defined contribution pensions. The black line represents any outstanding liabilities.

## Non Liquid Assets & Pensions

This graph shows your non-liquid assets and non-accessible defined contribution pensions.

# Total Assets

This graph shows your total assets categorised as liquid assets, property, possessions and defined contribution pensions. The value of liquid assets is net of any liabilities.

## Total Assets Detail

This graph shows a breakdown of your total assets. The black line represents any outstanding liabilities.

## Summary Cashflow

The black line on this graph reflects your expenditure (including tax & NI) throughout the plan. The graph shows how this expenditure is met (or exceeded) each year. Where there is a shortfall, a Required Withdrawal is made. Red bars indicate that there are insufficient liquid assets or accessible pensions to meet the shortfall.

## Regular Expenditure Detail

This graph shows a breakdown of your regular expenditure throughout the plan as well as any custom expenses added as a one-off or periodically. It does not include one-off items such as the purchase of property or possessions, gifts, or the repayment of interest only liabilities.

# Total Regular Expenditure

This graph shows your total regular expenditure throughout the plan as well as any custom expenses added as a one-off or periodically. It does not include one-off items such as the purchase of property or possessions, gifts, or the repayment of interest only liabilities

## Tax

This graph shows the personal taxes and National Insurance you may pay each year of the plan

# Cumulative Tax

This graph shows the personal taxes and National Insurance may pay cumulatively over the plan.

## Beneficiaries Fund

This graph shows the value of assets in the hands of your beneficiaries. These values include gifts added to your plan as well as the transfer of assets upon first death (where there are two people in the plan). The values shown here are outside of your estate for inheritance tax purposes.

## Estate on Death

This graph shows your estate on death position every year of the plan. The Inheritance Tax (IHT) liability is tax due on death. If there are two people in the plan, this assumes both people die in the same year. Gifts that fall within your estate for IHT purposes are also included.

## Cumulative Estate on Death

This graph shows your cumulative estate on death position every year of the plan. This reflects all assets given to beneficiaries, as well as the IHT liability due on first death. Gifts made during the life of the plan are included even if they are outside of your estate for IHT calculations

## Total Liabilities Detail

This graph shows a breakdown of all mortgage and liabilities
