Dear Sir/Madam

Transferring pension benefits: [REDACTED] **Plan number: P10026-719-001/DL**

Thank you for your recent request.

I enclose a transfer claim form and all the plan information needed to transfer the existing pension benefits for investment with another pension provider. You may want to consider if you still need any of the options or additional benefits you currently have and how you may replace them if you decide to transfer out. We'd encourage you to complete the enclosed Pension Transfer checklist and discuss anything you're not sure about with your adviser.

The transfer pack is only designed to transfer benefits for investment with another provider. It is not designed to transfer benefits to another provider to exercise an Open Market Option (OMO) in order to take immediate retirement benefits. If you want to take immediate retirement benefits, please ask for a retirement pack to ensure compliance with the current legislation.

Pension Wise

For free, impartial guidance about all your money and pension choices visit www.moneyhelper.org.uk. Pension Wise is a service from MoneyHelper that offers free and impartial guidance about your defined contribution retirement options. We recommend you visit their website via www.moneyhelper.org.uk/pensionwise or you can get in touch with them on 0800 138 3944.

If you are aged 50 or over and are transferring your fund for the purpose of taking your retirement benefits, we are required to offer to book you an appointment with Pension Wise before you transfer. If you would like us to book a Pension Wise appointment for you, please call us. If you'd prefer to book your own Pension Wise appointment, you can contact them directly on 0800 138 3944. We cannot proceed with your claim unless you let us know that you have either received Pension Wise guidance or opt out of receiving it.

Visit www.zurich.co.uk/retirement for more help and support with your retirement options.

Pension Scams

We want to make you aware that over the past few years pension customers have been targeted by fraudsters and some have lost all their pension savings. This has happened either because customers have lost their pension because it's been stolen or they have transferred to schemes that appear legitimate but contain high risk investment strategies. Scammers will often make false claims and design attractive offers to persuade you to transfer your pension to them.

Both the Financial Conduct Authority and The Pensions Regulator provide warnings of typical examples of potential scams on their websites and we would encourage you to read the *ScamSmart* leaflet we have enclosed that they have produced to help protect pension customers. This leaflet sets out some simple ways you can help protect yourself from pension scams, particularly if you are thinking about transferring your pension to another provider:

Four simple steps to help protect yourself from pension scams are:

- ® Reject unexpected offers
- ® Always check who you're dealing with
- ® Don't be rushed or pressured
- ® Get impartial information and advice

Right to transfer

The Department for Work and Pensions introduced new regulations in November 2021 meaning that we must check that your transfer request meets certain conditions before we can agree to the transfer. The regulations are designed to help protect members of pension schemes against the dangers of pension scams. This means we will assess the transfer you have requested against the two conditions set out in the regulations. If your transfer request does not meet one of the two conditions this will mean that any statutory right to transfer you may have does not apply in respect of this transfer request.

Please be aware that when you transfer money from one pension provider to another, there will be a period of time when your funds are no longer invested. This is known as being 'out of the market'. When we pay your transfer value to your new provider, your money will be out of the market until they reinvest it in the funds you have chosen with them. Your new provider will simply reinvest the same amount of money we pay them. We are not able to say how long this period will be, but you should be aware that you will not benefit from any gains if the market rises while you're out of it.

Other pension providers' application forms

It is not our policy to complete other providers' application forms. I have enclosed all of the plan information and values needed. The values will be updated and sent again when the benefits are transferred to the new pension provider.

What we need to transfer the pension benefits

To transfer the pension benefits to another pension provider we need the enclosed transfer claim form to be fully completed, signed and returned to us at:

Retirements and Transfers Payments Team
Zurich Assurance Ltd
Unity Place
1 Carfax Close
Swindon
SN1 1AP

When returning the claim form, please mark any accompanying documentation "Retirements and Transfers Payments Team".

Where the selected provider is also a member of 'Origo Options', we use this service to complete the transfer claim.

We will return the form if it is not fully completed and signed when we receive it.

What we will do when we receive all our requirements

We will assess the transfer when we receive the fully completed claim form and all our requirements. As already confirmed, if your transfer does not meet one of the two conditions set out in the Department for Work and Pensions regulations, we may not be able to complete the transfer:

If the conditions are fully met we will then send the following to the new provider:

- Σ the transfer payment
- Σ the plan information needed to complete the transfer.

We will also send the customer:

- Σ a letter confirming that the transfer has met one of the two conditions set in the Department for Work and Pensions regulations and that the transfer payment has been made direct to the new provider.

As the client has passed age 65, please find enclosed an illustration to the next possible year.

Guarantees, bonuses, guaranteed minimum pension, safeguarding, life styling, block/bulk transfers, market value reduction, protected or enhanced tax free cash do not apply to this plan.

Drawdown options are not available on this plan; however, it can be transferred to another provider to do this.

If you have any queries please contact us on 0370 2416996. Our lines are open from 8.30am to 5.30pm Monday to Friday - we'll be happy to help.

Yours faithfully

Have you heard about Zurich My Plans portal? It's a great way to keep track of your Zurich pension and find out how much it's worth online. If you haven't already, signing up is quick and easy. Just have your plan number and National Insurance number to hand and head to **www.zurich.co.uk/my-pension-plan**

Plan details

Plan holder details

Name : [REDACTED]

Address : 42 Egmont Road
Hove
East Sussex
BN3 7FP

Date of birth : 7 June 1956

National Insurance number : YW 37 72 31 C

Current salary : £5,980.00

HMRC plan approval details

Zurich - Inland Revenue SF number : SF 87/003/1A

Zurich - ASCON number : A7001069T

Zurich Registered Pension Scheme number (PSTR number) : This is a registered pension scheme automatically registered by HM Revenue & Customs (HMRC) under Chapter 2 Part 4 of the Finance Act 2004 (as amended). Our registered number is 00605305RN.

Plan summary

Plan type	:	This plan is a Personal Pension Plan approved under Chapter IV of Part XIV of the Income and Corporation Taxes Act 1988.
Investment type	:	This plan is unit linked and therefore its value will depend on a combination of the payments made and the performance of the selected pension funds. This plan has only been used to contract out of the State Second Pension (S2P). As this plan is not a with profits plan, market value adjustments and bonuses do not apply.
Can the plan be surrendered for a lump sum?	:	This will generally be available from age 55. This plan can facilitate UFPLS (Uncrystallised Funds Pension Lump Sum) but not Flexi Access Drawdown. It is possible to transfer the fund to another provider who offers the drawdown facility.
Selected retirement age	:	65 The Planned Retirement Age for this plan is 75. We assume retirement benefits are to be taken at this age and we will project benefits to it on illustrations. Please tell us if this is not the case (the minimum age is normally 55, the maximum is by age 75 under the terms of the plan). The Selected Retirement Age was chosen and was fixed at the start of the plan.
Plan commencement date	:	1 February 1991
Plan status	:	Paid up
Renewal month	:	February
Contracting out start date	:	6 April 1990
Contracting out end date	:	5 April 2007 Contracting out from this type of plan stopped from 6 April 2012. Any funds built up from contracting out are now referred to as former protected rights.
Guaranteed annuity rates	:	Guaranteed annuity rates do not apply to this type of plan.
Tax-free lump sum	:	At retirement you may take up to a quarter of your fund as a tax-free lump sum. This is based on pension rules introduced in April 2006. Zurich does not currently offer the facility to take just the 25% tax-free lump sum from out pension plans, leaving the remainder to claim at a later date

Notes

This plan is not designed to go past age 75.

If benefits are not listed within the plan details, then they are not included on this plan.

Zurich does not currently offer the facility to take just the 25% tax-free lump sum from our pension plans, leaving the remainder to claim at a later date.

We do not currently offer the option to take a partial UFPLS. However, if one has been taken in the past the client is able to take another one. For details on your retirement options and what we offer, please visit www.zurich.co.uk/retirement.

If this plan has capital units, there will be an exit charge applied if the fund is transferred. This exit charge is a standard term of the contract. The charge is taken in order to recover the charges, which would be due, if the fund were to remain invested with Zurich until the customer has reached their selected retirement age (SRA). The charge is taken by reducing the number of capital units paid out; the charge reduces by around 0.3%-0.4% a month until SRA where there is no charge. The charge is capped at 1% from age 55.

Payments

Current regular payments

Currently, no payments are being made to this plan.

Total payments received

		Regular payments	Single payments	Former protected rights transfer payments	Former protected rights payments
Personal payments	:	£0.00	£0.00		
Employer payments	:	£0.00	£0.00		
Total	:	£0.00	£0.00	£2,344.58	£12,419.11

The above payments include the cost of all benefits if applicable.

Trusts

Non protected rights benefit written in trust? : This plan does not have a non protected rights element.

Former protected rights element written in trust? : No

Additional trustees : None currently appointed

Life cover element written in trust? : This plan does not have life cover.

Assignments

Life cover element of plan assigned? : There is no life cover on this plan.

Notice of interest

Notice of interest in tax-free lump sum? : No

Transfer claims and 'Origo'

Transfer claims and 'Origo' : Where the selected provider is also a member of 'Origo Options', we use this service to complete the transfer claim.

Death benefits

Please note - the following information is a summary only. Please refer to the plan terms and conditions for full details.

Are there death benefits on this plan? : Yes

Former protected rights benefits : In the event of a valid claim we would pay the value of the former protected rights fund.

Disability benefits

Are there disability benefits on this plan? : No

Current value statement

Value of the plan

Former protected rights

Pension fund	Units held	Price of one unit	Fund value
Managed AP (accumulation)	492.05	£210.221	£103,439.24

Current total fund value	£103,439.24
Current value of pre-97 former protected rights	£66,045.18
Current value of post-97 former protected rights	£37,394.06

Current transfer value

The current transfer value of the former protected rights fund is always the same as the current total fund value.

Total of all former protected rights payments made to the plan	£14,763.69
---	-------------------

Please note:

- Σ The above figures are based on unit prices at 24 September 2025.
- Σ The unit linked fund prices vary daily. These prices may go down as well as up.
- Σ To change your choice of funds, please contact us for a fund switch form.

Schedule of payments received

Personal Pension Plan: P10026-719-001/DL

No payments have been received in the last ten years.

Plan charges

Name of charge	Rate/Amount	Explanation
Bid to offer spread	5% of all payments	Each allocable payment made to the plan is used to buy units. We buy the units at the purchase (offer) price. We value the units at the selling (bid) price. The selling price is approximately 5% less than the purchase price.
Annual management charge	¾% per year	This charge covers the cost of the on-going investment and management of the pension funds (as opposed to the plan). It reduces the unit price of the fund as a whole by ¾% a year. Therefore the charge is taken from the growth within the investment fund(s) as opposed to a monetary deduction from the individual plan. The charge applies to accumulation units but we reinvest the charge for accumulation units, therefore effectively this charge does not apply for this plan.
Expense deduction	£2.12 monthly	This charge covers the day to day administration of the plan. We review this charge each year in line with increases to the Average Earnings Index. We deduct the charge each month from the units in the pension fund regardless of whether payments are being made at the time.
Allocation rate for single payments	96% if the single payment is £2,000 or more. 95% if the single payment is between £1000 and £1999.99. 94% if the single payment is less than £1000.	The allocation rate is the percentage of the single payment we use to buy accumulation units for the fund. Dependent upon the level of the single payment made, we buy accumulation units at the rate shown in the rate/amount column.

Name of charge	Rate/Amount	Explanation
Allocation rate for transfer values in	96%	The allocation rate is the percentage of the transfer payment we use to buy accumulation units for the fund. For any transfer value above the company minimum into the plan the allocation rate is as shown in the rate/amount column. (If the transfer has not come from an occupational scheme of a previous employer this rate will increase to 102%).
Allocation rate for former protected rights payments.	96% if former protected rights payments are £1000 or above. 95% if former protected rights payments are between £500 and £999.99. 94% if former protected rights payments are less than £500.	The allocation rate is the percentage of the payment we use to buy accumulation units for the fund. If the plan was used to contract out of the State Second Pension (S2P), formerly known as the State Earnings Related Pension Scheme (SERPS), HM Revenue and Customs (HMRC) would send us payments referred to as former protected rights. Dependent upon the level of payments made, we buy accumulation units at the allocation rates shown in the rate/amount column. The government abolished contracting out under this type of pension plan from 6 April 2012.
Fund switch charge	£0.00	Existing funds are switched on a "bid price" to "bid price" basis. This means that the normal charges incurred when buying and selling stocks and shares are avoided. We don't currently make a charge for switching funds. If in the future we decide to charge, we'll tell you. The funds are switched using the unit prices calculated the day after receipt of the fund switch request. There is no charge made for changing the fund allocation of future payments.

Name of charge	Rate/Amount	Explanation
Transfer value and early retirement charge	This is the difference between current and transfer values.	There are no deductions taken from the current value if benefits are transferred or taken. The initial set up charges have already been paid.

Charge comparisons with stakeholder or workplace pension plans

We will not be changing the charging structure on this generation of pension plans to that of stakeholder or workplace pension products. The main reason for this is that the terms and conditions of the plan were set when the plan was issued and confirmed in the policy documents. These contracts have a charging structure that means that the majority of our plan holders will have already incurred most of or all of the initial charges on their plans, and existing payments and funds may be attracting lower charges than those in stakeholder or workplace products.

Adviser charges are not taken from the plan and cannot be added.

Transfer Out

Claim form (Individual)

Please complete this page if you are aged 50 or over:

Are you transferring your fund for the purpose of taking your retirement benefits?

☐ Yes ☐ No

If you have answered 'Yes' to this question, you must complete the rest of this section if the receiving scheme is a defined contribution pension scheme.

If you have answered 'No' to this question, please go to page 2 of the claim form.

Pension Wise

Pension Wise is a government service from MoneyHelper that offers free, impartial pensions guidance to help you understand your choices at retirement. If you are aged 50 or over we are required to offer to book you an appointment with Pension Wise before you transfer.

We cannot proceed with this claim until you confirm below:

- that you have received Pension Wise guidance or regulated advice from a Financial Adviser in the last 6 months, or
- that you are opting out of receiving Pension Wise guidance and confirm you do not want regulated advice.

To book an appointment with Pension Wise you can:

- contact us so we can book an appointment for you, details can be found in your cover letter/email, or
- book your own appointment, you can find the details in the Pension Wise letter enclosed.

Pension Wise guidance and financial advice

In relation to this claim, in the last 6 months have you:

1. Received regulated advice from a Financial Adviser?

☐ Yes ☐ No

2. Attended a Pension Wise guidance appointment?*

☐ Yes ☐ No

**If you have answered 'No' to question 2, then you need to attend a Pension Wise guidance appointment or opt out in the section below.*

If you want to receive either advice or guidance, do not complete the rest of this claim form until you have, and can answer question 1 or 2 above as 'Yes'. If you do not want to receive Pension Wise guidance, you must also complete the **Opting out** section below.

If your personal circumstances or the value of your pension savings has significantly changed since you last received financial advice or Pension Wise guidance, you may benefit from receiving it again.

If you have received regulated advice, you may still benefit from speaking to Pension Wise.

Opting out

If you do not want to receive Pension Wise guidance, then you can opt out by confirming either:

(Please tick relevant box)

• I have already received my own regulated advice from a Financial Adviser in the last 6 months and do not want to receive Pension Wise guidance ☐

• I do not want to receive Pension Wise guidance or obtain my own regulated advice from a Financial Adviser ☐

Important information

There are new Department for Work & Pensions (DWP) regulations that require scheme trustees/managers to ensure that extra checks are made before making a pension transfer. The regulations are to help protect members of pension schemes against the dangers of pension scams. The regulations require that your transfer request is assessed against two conditions set out in the regulations. There are also HMRC requirements that must be met.

We need some information from you so that we can complete these regulatory checks. We will then consider all this information and assess whether the transfer can proceed or if we need more information. If you do not meet the regulatory requirements your transfer will not be able to proceed. If this happens, we will write to you and tell you why.

Section 1

Your details

Name	
Previous surname (if applicable)	Plan number
Address	
Postcode	
Daytime telephone number*	Evening telephone number*
Nationality	Tax residency
Date of birth	National Insurance Number

*We may need to contact you to discuss the claim and if you provide your telephone number this will help to avoid any delays.

Section 2

Adviser Details

Have you received advice from a firm or individual in connection with transferring your pension benefits? ☐ Yes ☐ No

If 'Yes', please provide the following information:

What is the name of the adviser?
What is their business address?
Postcode
What is their FCA registration number?
What are their FCA permissions?
If applicable, what is the name and address of the company they represent?
Postcode
What is their website address?

(If you wish to check whether an individual or company is registered you can look at the FCA website register.fca.org.uk/s/. You can also call the FCA Consumer Helpline on 0800 111 6768 if you need any help checking the register).

Section 3

Receiving scheme details

Please note that, for the receiving scheme to accept the transfer, you must be a member of the receiving scheme.

Please tick the box to confirm the type of receiving scheme

- ☐ A pension scheme that was fully approved by HM Revenue & Customs (HMRC) before 6 April 2006 and became a registered pension scheme on that date under Chapter 2, Part 4 Finance Act 2004 (as amended)
- ☐ A registered pension scheme under Chapter 2, Part 4 Finance Act 2004 (as amended)

Please confirm the type of the receiving scheme, for example, Personal Pension scheme.

Name of the receiving scheme

Receiving scheme address

Postcode

Name of Scheme Administrator

Section 4

Receiving scheme approval/registration

What is the HMRC Approval/Registration number?

Please provide a copy of the pension schemes approval/registration letter issued by HMRC or a current dated screen shot from the HMRC pension scheme portal confirming details of the scheme.

If the scheme does not have a HMRC Approval/Registration number, please confirm the type of scheme:

Section 5

Payment details

Please confirm either:

Direct Credit (Preferred) or Cheque details

Direct credit details (if appropriate):

Sort code

Account number

Account payee name

Cheque details* (if appropriate) - only available if the receiving scheme address is in the UK

Address

Postcode

Reference

Contact name

* This must be the provider/insurer of the receiving scheme or, if there is no provider/insurer, the scheme administrator (for example, trustees). If payment is to be made to the scheme administrator, documentary evidence showing the scheme administrator's link with the receiving scheme must be provided, for instance, a copy of the scheme's letter of approval/registration.

If your plan includes a guaranteed annuity rate or guaranteed mortality basis, you may have to take financial advice before we will be able to make a payment to you. To confirm this, you must complete a 'Supplementary Guarantee declaration' form to confirm you have taken advice. If this applies to you this will have been confirmed in the covering letter. We will not be able to proceed with your claim without it.

Section 6

Transfers to an occupational pension scheme

If you are requesting to transfer to an occupational pension scheme please provide us with the following information, unless the receiving scheme is an authorised master trust scheme, authorised collective money purchase scheme or a public service pension scheme. If you are unable to provide us with this information, then we may not be able to pay the transfer to the receiving scheme.

1 Please send us a letter from your employer on their headed notepaper confirming that:

- your employer is a sponsoring employer of the scheme you want to transfer to;
- you are employed by the sponsoring employer and have been for the three months up to the date of this transfer request;
- the date that you started being employed by them and that you have been continuously employed by them from that date; and
- the contributions on the Schedule of Contributions have been paid and the dates of those payments. If the contribution amounts differ from those shown on that Schedule then the employer should state the actual amounts paid and the date they were paid.

2 Contribution information – please send us:

- the receiving scheme's Schedule of Contributions or Payment Schedule which shows the contributions due to be paid by the sponsoring employer and by you (or on your behalf) in the 3 months up to the date of this transfer request. It must also show the due dates of those contributions;
- a copy of your payslips (or other written evidence) showing the salary paid to you by the sponsoring employer of the receiving scheme for the 3 months up to the date of this transfer request; and
- a copy of your personal bank or building society statements which show the deposit of your salary from the sponsoring employer of the receiving scheme. These must be provided for the 3 months up to the date of this transfer request.

Section 7

Declaration

We have enclosed information on the things you should consider before making your claim. If you do not understand the information we've provided or would like to ask any questions, then please contact us, or speak to a financial adviser before signing and returning this claim form.

I am aware that:

- Zurich recommend I consider taking regulated financial advice

I/we authorise Zurich Assurance Ltd to pay the plan proceeds as permitted by the terms and conditions and as detailed in this claim form and any other supporting documentation.

I/we understand that

- the final transfer value will be calculated on the next valuation date following receipt of all documentation and information required
- that my transfer request will be declined if it does not meet the transfer conditions set out in DWP and HMRC legislation

By signing this authority I accept that payment by Zurich is in full and final settlement of the claim and Zurich are under no further liability.

- I am not bankrupt and have not been since starting the plan.

To the best of my knowledge and belief all of the details Zurich hold about me and the contents of this claim form are true and complete.

Fund switch request

Section 1: Plan holder personal details

██████████
42 Egmont Road
Hove
East Sussex
BN3 7FP

Plan number: P10026-719-001/DL

Section 2: New fund selection for existing units

If you wish to change where your existing units are invested, please complete the table below. Please list all funds you want to invest in, specifying the percentage you wish to have in each fund following the fund switch, using whole numbers and ensuring they add up to 100%.

Please note:

- Σ You may invest in up to thirty funds at any one time.
- Σ The maximum number of funds that can be switched with one instruction is ten.
- Σ We don't currently make a charge for switching funds. If in future we decide to charge, we will tell you.
- Σ The list of available funds is shown separately.

Pension funds available	Former protected rights %
Zurich funds	
External and specialist funds	
Total	100%

If you are changing your choice of funds, please ensure that you sign the declaration in Section 4.

Section 3: New fund selection for future payments

If you wish to change where your future payments are invested, please complete the table below. Please list all funds you want to invest in, specifying the percentage you wish to have in each fund, using whole numbers and ensuring they add up to 100%.

Please note:

- Σ You may invest in up to thirty funds at any one time.
- Σ The maximum number of funds that may be switched with one transaction is ten.
- Σ We don't currently make a charge for switching funds. If in future we decide to charge, we will tell you.
- Σ The list of available funds is shown separately.

Pension funds available	Former protected rights %
Zurich funds	
External and specialist funds	
Total	100%

If you do not wish to change where your future payments will be invested you do not need to complete the table above.

Section 4: Declaration

When we receive your form we will follow your fund switch instructions using the bid price of the relevant units published the day after your request is received. Please note - if your instruction is not received by 10:30am it will be treated as being received the next day. We usually value the funds each day at close of business and new fund prices are published the following day.

Section 5: Managing your funds

Fund prices vary daily and may go down as well as up. Each fund invests in different types of investments and growth depends on their performance. You can find out more about the different types of funds available within your plan, and how each is performing, on our website:

- Σ Go to zurich.co.uk/mystatement.
- Σ Hover over 'Pensions' in the top menu bar, then click on 'Manage my pension' (underneath 'My account')
- Σ Scroll down the page and click on the 'Fund details' link

From here, scroll down again to the following two sections:

Funds available to you

- Σ This section contains information on your fund options - look at your plan number and click on the relevant fund within the list
- Σ On the next page, scroll down the page to 'Our full range of funds' - click on any of the fund names to open a fact sheet (this opens as a pdf document if you want to save a copy)

Your plan value

- Σ To see how your funds are performing, click on the 'Fundtracker' link within this section
- Σ This will open up in a new window - enter the details requested at the top of the page
- Σ You can search either by fund name or SEDOL code to see how your funds are performing

For details of the Zurich retirement planning fund range please visit Zurich.co.uk/targetretirementfunds - each fund in the range targets a particular retirement objective to suit your need.

Personal Pension Plan Illustration

PERSONAL DETAILS

Plan Number : P10026-719-DL
Planholder : Mr John Alan Sullivan
Date of Birth : 7 June 1956 (Male/Smoker)
Retirement Date : 7 June 2026 (Age 70)

CONTRIBUTIONS

This illustration assumes that no more regular contributions will be made.
(All previous contributions are included)

DEATH BENEFITS

In the event of a valid claim we would pay the value of the former protected rights fund.

What you might get when you retire

After allowing for inflation, we've estimated that when you get to your retirement date your plan could be worth the equivalent of £106,000 in today's prices.

The following illustration shows how much pension this could buy you in today's prices.

Illustration date 24 September 2025 **Retirement date** 7 June 2026 (age 70)

Your estimated pension is equivalent to a yearly income of £8,830 in today's prices at your retirement date.

If you choose to take part of your plan value as cash, it will reduce how much pension you get. You can usually take 25% of the plan value tax free.

Your Illustration Assumptions

The illustration of 'what you might get when you retire' uses the following assumptions:

- Your retirement fund will grow at 3.4% after inflation each year. We assume different growth rates depending on the fund/s your plan is invested in.
- Future inflation will be 2.5% each year.
- The scheme will continue to be a registered pension scheme.
- Your pension will be paid at the start of each month for your lifetime and will not increase each year.
- No income will be paid to a spouse or civil partner after your death unless you die within five years of retirement, in which case your income will be paid until the end of that five years.

Our estimate of your retirement fund and how much pension you'll get each year is based on these assumptions. How much you actually get will depend on how much you pay in, actual growth and inflation rates and the options you choose when you retire.

For example, if you choose for part of your pension to continue to a dependant after you die, you'll get less than if you choose for it to be paid for your lifetime only. Or, if you choose a level pension, to start with it will be higher than a pension that increases each year but over time inflation will reduce how much it will buy.

What next?

To find out more go to **zurich.co.uk/myillustration**

You can find information on how we estimate your pension, the assumptions we use and to see what retirement options you may have.

It's important you work out how much money you'll have coming in and how your spending will change when you retire. Then you can decide if you think you'll have enough money to live on and which retirement option might be right for you.

You can find out how much you might get from other pensions and investments by contacting the providers directly. You can get an estimate of your state pension and track down any pensions you may have lost track of by following the online links we provide to the Money Advice Service website, a free and independent source of information.

What if it doesn't meet my needs?

If you don't think you're going to have enough to live on, you might consider **increasing how much you save, retiring later or reviewing your fund choices.**

zurich.co.uk/myillustration can help you.

You'll find information, tools and links that give you everything you need to decide what to do and how to do it. It includes links to see how your funds are performing in comparison to others, and information on how to make changes to your plan such as switching funds and increasing payments.

Otherwise, if you just want to speak to someone, you can call us. Although we won't be able to advise you what to do, we can outline the available options and arrange changes to your plan.

Personal Pension Plan Illustration

PERSONAL DETAILS

Plan Number : P10026-719-DL
Planholder : Mr John Alan Sullivan
Date of Birth : 7 June 1956 (Male/Smoker)
Retirement Date : 7 June 2031 (Age 75)

CONTRIBUTIONS

This illustration assumes that no more regular contributions will be made.
(All previous contributions are included)

DEATH BENEFITS

In the event of a valid claim we would pay the value of the former protected rights fund.

What you might get when you retire

After allowing for inflation, we've estimated that when you get to your retirement date your plan could be worth the equivalent of £125,000 in today's prices.

The following illustration shows how much pension this could buy you in today's prices.

Illustration date 24 September 2025 **Retirement date** 7 June 2031 (age 75)

Your estimated pension is equivalent to a yearly income of £12,000 in today's prices at your retirement date.

If you choose to take part of your plan value as cash, it will reduce how much pension you get. You can usually take 25% of the plan value tax free.

Your Illustration Assumptions

The illustration of 'what you might get when you retire' uses the following assumptions:

- Your retirement fund will grow at 3.4% after inflation each year. We assume different growth rates depending on the fund/s your plan is invested in.
- Future inflation will be 2.5% each year.
- The scheme will continue to be a registered pension scheme.
- Your pension will be paid at the start of each month for your lifetime and will not increase each year.
- No income will be paid to a spouse or civil partner after your death unless you die within five years of retirement, in which case your income will be paid until the end of that five years.

Our estimate of your retirement fund and how much pension you'll get each year is based on these assumptions. How much you actually get will depend on how much you pay in, actual growth and inflation rates and the options you choose when you retire.

For example, if you choose for part of your pension to continue to a dependant after you die, you'll get less than if you choose for it to be paid for your lifetime only. Or, if you choose a level pension, to start with it will be higher than a pension that increases each year but over time inflation will reduce how much it will buy.

Pension Scams Action Group

United action against pension scams

Steps to stay **scam safe**

Scammers appear professional and it's becoming increasingly harder to spot the difference between something that's credible and something that's fraudulent.

The Pension Scams Action Group has put together a checklist to go through if you're ever approached about your pension.

Your pension is your future – keep it safe

STEP 1

Is the offer unexpected?

Legitimate pension providers are highly unlikely to contact you out of the blue about your pension. Be wary of free pension review offers and/or promises of high/guaranteed returns.

STEP 2

Have you checked who you're dealing with?

The Financial Conduct Authority's (FCA) website has a Financial Services Register you can check to make sure that anyone offering you advice or services is authorised to do so.

A firm pretending to be an authorised firm is known as a 'clone firm' and may have a clone website that looks exactly like the real deal. **Tip:** double check their contact details against the register and see if they match. Always ensure a firm is FCA-authorized or you won't be protected by the Financial Ombudsman Service or Financial Services Compensation Scheme if something goes wrong.

Website: register.fca.org.uk Phone: 0800 111 67 68

STEP 3

Stop and think – are you being rushed or pressured?

Pressure to act quickly or you will miss out is often a warning sign. Take your time to make all the checks you need and remember, if it sounds too good to be true, it probably is.

STEP 4

Should you seek impartial advice or guidance?

MoneyHelper

Free and impartial information and guidance available online, over the phone and via webchat.

Website: Moneyhelper.org.uk Phone: 0800 011 3797

Financial advisers

If you can, it's a good idea to invest in speaking to a financial adviser. Often large amounts of money are at stake and they will be able to help you make the right decision for you. **Tip:** check any adviser you choose to use is regulated by the FCA.

Stop! Think Fraud

Learn more about how to spot and avoid scams.

Website: stopthinkfraud.campaign.gov.uk

If you suspect a scam, report to **Action Fraud**

Website: Actionfraud.police.uk/contact-us
Phone: 0300 123 2040. In Scotland, call 101.

Zurich Pensions

Fund charges and expenses

This document lists which funds are available on your ex-Allied Dunbar pension plan and the fund expenses that apply. Please read this document with your illustration (if you have one).

These fund charges are applicable to Zurich Pensions.

These pensions were sold through Allied Dunbar and are now closed to new investors. Over time we'll look to refresh the fund range by adding new funds, closing or merging funds.

Zurich currently takes a yearly management charge and details of this charge is set out in your plan literature. The 'Fund expense' column shows additional expenses and fees associated with managing the fund. They're based on what each fund's charges and expenses have been in the past – they're not fixed and could be more or less than this. Some funds have an extra yearly charge which is reflected in the unit price.

To find out which funds are available under your product you'll need your plan number. The product code forms part of your plan number. For more information about the funds and their objectives you can find the Zurich pensions fund factsheets by going to zurich.co.uk/mystatement and clicking on the 'Go to FundTracker' link in the pensions section of the page. If you wish to change your fund choice for future payments or switch your existing investments to a new fund(s), you can get a copy of the switch form from your financial adviser or from us.

- * This fund is closed to new investment. However, if you're making a payment into the fund by Direct Debit this can continue.
- ** Zurich Retirement Funds target a particular retirement date range of three years. The year specified in the fund name is the middle year. For example: 'Zurich Target Lump Sum Fund 2023 AP' might be suitable for you if you want to take your plan as cash and you're aiming to retire between January 2022 and December 2024. Please visit zurich.co.uk/targetretirementfunds for more information about the funds, the assets they invest in and how they change over time.

Things you need to know

We provide the plan and make investment funds available to plan members. However, we're not a fund manager and we're not responsible for investing your money or for the underlying fund management. Instead, we delegate this responsibility to a number of specialist fund managers.

All investment funds carry an element of risk – stock markets can change quickly – the success of individual companies can reverse dramatically. Below, we outline some of the key relevant generic risks which may affect your investment:

- Over time, a fund that invests mostly in shares is likely to offer greater potential for higher returns than a fund investing in cash deposits, but with it comes greater fluctuations in value. A fund with a high proportion of fixed-interest securities is more likely to produce lower returns with more stability.
- Certain funds, typically investing in fixed-interest securities, tend to be more suited for a shorter-term investment or as part of a personalised portfolio designed to achieve an overall balance of risk and potential return. Investing solely in these funds for the longer term may result in a lower return than a bank or building society savings account.
- Some funds make use of derivatives to achieve an overall risk profile. A derivative is an asset issued by financial institutions and its value is usually linked to another asset or index. When the derivative matures, the financial institution pays out an agreed value. Ultimately though, if the financial institution isn't able to meet its obligations, the derivative may be worthless and the fund's value will reduce as a result.
- If you invest in a fund that is part of an Open Ended Investment Company (OEIC) or Investment Company with Variable Capital (ICVC), in the exceptional event of another fund within that structure being unable to meet its liabilities, those liabilities may be allocated to the fund you are invested in, reducing its value.
- The rate of income on fixed-interest securities such as corporate bonds and government bonds won't increase in line with inflation unless they're index-linked. So, over time, the real value of the income they produce is likely to fall. The value of these investments is affected by interest rate changes and is likely to fall if long-term interest rates rise.
- Specific risks that may adversely affect the value of investments within a fund include exchange rate fluctuations and dealing in relatively less mature markets (such as Eastern Europe, some areas of the Far East, Central and South America).
- If you choose a fund that invests in overseas assets, changes in exchange rates between currencies may also cause the value of your investment to fall or rise.
- Funds which specialise or concentrate their investment in specific regions, sectors (such as smaller companies or emerging markets) or in a smaller number of shares, can result in greater fluctuations in value. Funds that invest in a wider range of sectors or shares are likely to carry less risk.
- Property funds are normally valued by taking into account the views of an independent valuer, general market conditions for commercial property and the value received for recent property sales. At times the value of your investments in these funds could fall quite sharply. In more uncertain market conditions, we may need to delay your transaction in these funds by up to 12 months. We'll do this if we (or the fund manager) believe it is necessary to sell properties before carrying out your transaction.
- High yield bond funds tend to invest in high yielding corporate bonds, which are generally higher risk investments than government bonds or lower yielding corporate bonds.
- Funds that specialise in gold mining shares tend not to follow stock market movements.
- Funds investing in the shares of smaller companies, in a concentrated portfolio of shares or in a less mature market (such as Eastern Europe, some areas of the Far East, Central and South America) carry more investment risk.
- In some less developed stock markets there are risks from political, economic and market factors which could cause a large increase in currency and fund price risk.
- Some fund managers may take their yearly management charge from capital rather than income. This results in a higher income but lower capital growth.

Pension transfer

Important information to consider before you transfer your pension

Many of our plans have features or benefits you may have forgotten about. It is important to fully consider these before you transfer. Your plan documents will show what features are included.

We'd encourage you to complete this checklist and discuss anything you're not sure about with your adviser.

Are there any features or guarantees you'll lose when you transfer?

Does your existing plan have:

Life cover? – This would be paid in addition to your plan value if you die before you take benefits.

☐ Yes ☐ No ☐ Not sure

Waiver of payments/contributions benefit? – This would waive your payments if you are unable to work (as defined in the plan terms and conditions).

☐ Yes ☐ No ☐ Not sure

Both life cover and waiver benefits are no longer available on new pension plans. You would also need to complete a medical questionnaire to take out similar cover separate to your new pension plan. This will be particularly important if your health has deteriorated since taking out these benefits.

Guaranteed rates? – Some of our plans have guaranteed annuity rates when you retire which may give you a higher pension than you could get based on current rates.

☐ Yes ☐ No ☐ Not sure

What features does the proposed new plan have?

Are there any new features which attracted you to consider transferring?

☐ Yes ☐ No ☐ Not sure

Are they available on your current plan?

☐ Yes ☐ No ☐ Not sure

Will you actually use them?

☐ Yes ☐ No ☐ Not sure

Fund choices?

Most of our plans give you a wide range of funds to invest in. We would expect some of these funds to suit your attitude to risk.

Do you understand your attitude to risk? ☐ Yes ☐ No ☐ Not sure

Do your current investments meet your attitude to risk? ☐ Yes ☐ No ☐ Not sure

If your current portfolio no longer meets your needs,
have you discussed the possibility of switching funds
on your existing plan? ☐ Yes ☐ No

Information about our full range of funds is available on www.zurich.co.uk/pensionfunds
We've also included guides to help customers understand the risks associated with investing
and the things they should consider when choosing where to invest.

How do the charges compare?

When you transfer your pension, you may find that the new plan has lower charges but this is not always the case. Make sure you find out the following:

Will you have to pay a charge to leave your current plan?
– some of our plans have exit charges ☐ Yes ☐ No ☐ Not sure

What are the new plan charges? Are they higher or
lower than you are likely to pay on your old plan –
calculated up to the time you expect to retire? ☐ Yes ☐ No ☐ Not sure

Do you know how higher charges will affect your
pension income? ☐ Yes ☐ No ☐ Not sure

Reviewing your portfolio

Your circumstances are likely to change over time so it's important you periodically review if your investments are still right for you. You should arrange to discuss them regularly with your adviser.

Have you set a date to review your investments? ☐ Yes ☐ No
